The Department of Economic Development (DED) annually identifies occupations in which a critical need or shortage of trained personnel exists in the labor market in the state and this is provided to the State Board of Education (SBE). The Department of Elementary and Secondary Education has placed the following information on their [website](https://dese.mo.gov/college-career-readiness/school-counseling) and the information will update regularly. For more info on the following go to: <https://dese.mo.gov/college-career-readiness/school-counseling>.

- Information on how to obtain a license and the requirements for a license when licensure is required for an occupation
- Information on how to obtain industry recognized certificates and credentials
- Access to assessments and interest inventories that provide insight into the types of careers that would be suitable for students
- Resources that describe the types of skills and occupations most in demand in the current job market and those skills and occupations likely to be in high demand in future years
- Resources that describe the typical salaries for occupations and salary trends
- Information on how to obtain financial assistance for postsecondary education
- Information on how to choose a college, school, or apprenticeship that aligns with the student's career goals and values
- Information on self-employment
- Resources related to creating a résumé, interviewing, networking, and finding job opportunities
- Information on the skills and traits necessary to succeed in various careers
